NORTH CAROLINA DAY AT NORMAL

Address by Mr. R. D. W. Connor.

Work of Perpetuating the History of the Past During Past Year Reviewed by Speaker in Most Interesting Manner—Mental and Moral Resources Are As Valuable As Wealth—Greatly Appreciated by Students.

Yesterday at 12 o'clock in the auditorium of the Students' building at the State Normal and Industrial College North Carolina Day was observed, the principal feature being an address by R. D. W. Connor, secretary of the State Historical Commission. The address was most appropriate and was enjoyed immensely by the large student body and a number of visitors.

Before the address there was a song by a number of the pupils of the training school, this number receiving liberal applause from the large audience. President Foust in introducing the speaker said that Oct. 12 was North Carolina Day proper, but as a number of the schools of the state were not in session at that time it was left optional with the State Superintendent of Public Instruction as to the day. Accordingly he had fixed the last Friday before Christmas for the observance. As the Normal students would not be at the school on Friday it had been decided to hold the exercises yesterday. He then presented Mr. Connor.

In the lives of all men there comes a day of reckoning, said the speaker, and wise men have days of reckoning often in order that they may see whether they are going forward or backward. A state also must examine its record of the past and ascertain its standing. He then pointed out the fact that not in wealth alone is there greatness. Our mental and moral resources are of just as great value and importance as our wealth. A good book is as much wealth as a bale of cotton. The intelligence, patriotism and spirit of a commonwealth has as much to do with its progress as does its lands, its rivers and its mineral resources, for without these essentials there is no true wealth, declared Mr. Connor.

Speaking of the work done during the past year in perpetuating the deeds of prominent men who had an active part in the progress of the state from the time the first colonies were established to the present era Mr. Connor said that there are other ways of making history than by simply writing pages of books. He then reviewed the work done during the past year along this line, the erection of monuments, markers, tablets, memorial buildings, presentation of portraits in honor of the heroes of the past.

Taking each item of work done the speaker recited some of the things accomplished by each of the great men whose memories had been honored and perpetuated by the people of the State during the year. In doing this he made a beautiful comparison of the state as it was 250 years ago, at which time it was inhabited by wild beasts and savage Indians who struggled against each other for the mastery, and at the present time, bringing up a beautiful mind picture of the struggles that were had by those who labored to bring the state to its present state of civilization and progress. Many beautiful thoughts were expressed by the speaker and he imparted to his hearers a good deal of valuable information along historical lines. That the address was keenly enjoyed was evidenced by the hearty and enthusiastic applause which followed as the speaker concluded.

Another Bicycle Shop Robbed. Hege's bicycle shop on South Davis street was broken into night before last and pistols and watches amounting in value to about twenty dollars were stolen. The upper sash of a rear window was pried open. The bar of the back door was also broken. It is believed that this was done to make the proprietor think entrance was gained through the door and thus divert his attention from the window. But the ruse didn't work and the window was securely fastened thus forestalling the likelihood of a return of the unwelcome visitor. Mr. Hege says he is glad to announce the thief didn't get any of those nice bicycles for Christmas that he is advertising in The Telegram.

REQUISITION ISSUED.

Governor Kitchin Asks Virginia's Governor to Give Up Ben Dyers, Alias Charlie Johns.

Yesterday Governor Kitchin requisitioned the governor of Virginia for one Ben Dyers, who is none other than the well known darky who has been operating thievishly over this section as Charlie Johns, and who was captured a few days ago in Danville. As soon as the requisition receives the signature of Virginia's governor and is given into the hands of Chief Neelley, an officer will be sent to Danville to accompany Dyers-Johns once more to Greensboro.

Biographically, Johns-Dyers escaped from the penitentiary last February, after having served about six months of a ten-year term for burglary. In June he was captured at Thomasville by a local officer, and before the prison authorities at Raleigh could reach Thomasville Charles-Ben-Johns-Dyers had reached the high seas and was sailing at top-knot speed for some port unknown. A few weeks ago he entered and carried off a mercantile establishment at High Point, leaving the house, and set his chart for Proximity. The story of his career there has been recited fully in these columns. There he was arrested and taken to High Point, but he was much too sleek for the guardians of the law of that village, and proceeded northward to Danville. Johns-Dyers is the fleetest of foot, to be a one-legged runner, that has ever been known to a mortified cop. It remained for a Danville guardain of the peace to prove that a policeman can get a grip on a greased pig. He proffered the sum of \$50 to his Danville captor for his release, but the officer was after the honor of winning a world's championship, for out-sprinting a one-legged man who had never been beaten, and the laurels are to the cop of Danville.

THOUGHT IT WAS SUNDAY.

Greensboro Merchant Took Morning Nap While Clerks Waited For Him To Open Up.

A Greensboro merchant gave his friends material for a fine joke yesterday morning and they gazed him considerably all during the day. The merchant, who usually opens up before his clerks arrive, failed to appear as early as usual and after waiting around in the cold for half an hour one of the clerks was appointed a committee of one to call at the home of his employer and find out the trouble. The merchant's wife said her husband had gone to the store, but an investigation found him in bed sleeping as tranquilly as it is possible for man to do. His wife gave him a shake and asked him why he did not get up and get busy, reminding him of the waiting line of Christmas customers in front of his store. "It's Sunday," he murmured as he stretched out for a second nap. He was soon convinced that it was far from Sunday and, it is reported, the way that man did get into his clothes and hurry to the store would have made a member of the fire department turn green with envy.

Christmas Entertainment At Christian Church.

The Christmas entertainment at the Christian church will be given Friday evening, beginning at 7:30 o'clock. The children have had special training for this occasion, under the direction of one of the teachers of the Sunday school. A delightful program has been carefully prepared, consisting of recitations, suitable songs and other attractive features. On Sunday evening at the Christian church, special music will be furnished by select members of the Greensboro Male Chorus. The public is most cordially invited to attend both the entertainment and Sunday services.

Acts of Vandalism.

Practically all the window glass in the club house of the Greensboro Golf Club was broken some time recently and the flags were removed from the grounds and mutilated. It is believed that these acts of vandalism were perpetrated Saturday night last. The Golf Club offers a reward of \$25 for information leading to the arrest and conviction of the guilty parties.

Charter Ready Today.

The draft of the new charter has been printed in pamphlet form and will be ready for distribution today. After 10 o'clock this morning copies can be secured by parties who desire them from the office of the secretary of the Chamber of Commerce.

We are selling out our bedroom slippers very fast and will certainly be short on sizes by the end of the week. Better get that pair you want today or tomorrow. Thacker & Brockmann.

WILL NOT CALL A SPECIAL TERM

For Trial of Granville County Negro.

Nathan Montague To Be Tried At Regular February Term—Brute Maintains Sullen Attitude—Requisition Honored—Johnson County Man Gets Two Years For Manslaughter—Charts Issued.

Raleigh, Dec. 21.—After a lengthy conference today between Sheriff Wheeler, of Granville county, and Governor Kitchin it was decided to not call an extra special court for the immediate trial of the negro fiend, Nathan Montague, who committed criminal assault and triple murder in Granville Monday night, but to let the case await the regular February term of Granville court which is due to convene February 6. It would require nearly that long to take the necessary preliminary steps for a special court and jury, hence the decision to leave the case for the regular court. The negro is maintaining a sullen attitude in his cell in the State prison where he was brought last night through the country from Durham to avoid a lynching.

Governor Kitchin honored today a requisition from the governor of South Carolina for Naredath Gead, who is now in jail at Charlotte and is wanted in Union county, S. C., for assault with deadly weapon.

Thomas A. Sutton was committed to the penitentiary today to serve two years for manslaughter by Sheriff Sanders, of Johnston county. Sutton is a young white man, who struck a companion over the head with a buggy whip and dealt fatal injury while they were quarreling.

The secretary of state granted three charters today. The W. M. Long, of Farmville, Pitt, county, capital \$50,000, for mercantile business; the United Band of America, for the promotion of the educational and industrial betterment of the negro race; the Feeter Social Club, Albemarle, Stanly county, capital \$100 for the promotion of the social pleasures of its members.

MARRIED AT ELKS' CLUB

Mr. Ulyses G. Daurity, of Goldston, and Miss Berta Alston, of Graham.

Mr. Ulyses G. Daurity, of Goldston, and Miss Berta Alston, of Graham, came to Greensboro yesterday from Graham and were married at the Elks' Club, by Rev. J. W. Goodman, pastor of Buffalo Presbyterian church.

It was not a runaway marriage, the couple simply preferring to be married in Greensboro, this being a place where marriages are of such frequent occurrence that those of retiring minds, not wishing any demonstration or elaborate ceremony, may plight their troth in the quiet of their own desires. Mr. Daurity is in charge of the roller mills of the Goldston Milling Co. Mr. Barber, the president of the company, whose home is in Greensboro, used his good offices in behalf of the couple, procuring the marriage license and the use of the club room in which the ceremony was performed.

After the marriage the couple went out to White Oak where they took dinner with Mrs. Odom, a sister of Mr. Daurity, after which they returned to town and proceeded to Goldston on the afternoon train.

A Marriage At Reidsville.

Rev. S. B. Klapp has returned from Reidsville where he officiated on Tuesday at the marriage of Mr. Sam E. Burton, of Richmond, Va., and Miss Minnie O. Swann, of Ruffin, at the home of the bride's brother, Mr. C. W. Swann, 232 Main street, Reidsville. The groom is a successful young business man of Richmond and the bride is one of the most charming young ladies of Ruffin.

Wedding Invitations.

Invitations reading as follows have been issued:

Mr. and Mrs. William Louis Callum request the pleasure of your presence at the marriage of their daughter, Alice, to Mr. Hiram Bell Wednesday evening, January the eleventh, at half after eight o'clock, Holy Trinity church, Greensboro, North Carolina.

The skating rink will open in Neese's Hall Friday night.

MISS WOODALL CLOSES SESSION

Recital by Pupils Yesterday Afternoon—Leaves For Home.

Miss Woodall's piano and violin pupils gave their regular monthly recital yesterday afternoon in the rooms of the studio. Southern Life and Trust building. The improvement in the work of the pupils since the November recital is marked, several of them exhibiting no small degree of skill in technique and, withal, particularly in two or three of the number, native temperamental ability and talent.

Miss Woodall's success during her comparatively short career here could not have been achieved upon anything short of careful, conscientious work and a knowledge of the piano and violin beyond a stage of mediocrity. The professional service of no musician in Greensboro is more in demand for concert and recital work than is that of Miss Woodall, which would in no case be true where was evidenced a meagre degree of merit.

Miss Woodall will leave tomorrow for Clyde, N. C., where she will spend the holidays with her parents, Mr. and Mrs. W. H. Woodall. The spring term of her school will reopen January 3, 1911.

THE FARMERS' MEETING

"Union Farmer" Pleased With the Treatment Accorded State Union In This City Last Week.

Speaking of the meeting of the North Carolina Farmers' Union in Greensboro last week the Carolina Union Farmer, of Charlotte, the organ of the Union, says: "On the whole the meeting was a great success. Greensboro never saw a larger and more representative body of real farmers—nor one that was better dressed or better behaved. Drunkenness and rowdiness were entirely absent. The citizens and press of Greensboro and the Guilford county farmers showed us many courtesies. Especially did the brethren of the Guilford County Union put themselves out to serve us. "And we cannot close without mentioning the royal good fellowship shown us by the faculty and students of the Normal and Industrial College. We every one went away proud of the institution and thankful for what it is doing for our girls. And no doubt the obvious needs of the college will be remembered when we ask the Legislature for our educational appropriation."

Centenary Christmas Tree Friday Night.

Centenary church will hold its Christmas exercises on Friday night at 7:30. A short program will be rendered after which the presents will be distributed from the tree. An important feature of the occasion will be a cash contribution for the Children's Home. Every child and older person is requested to bring a liberal contribution that something handsome may be done for the orphans.

Hinshaw-Hodgin Nuptials.

Tonight at 8:30 o'clock at the home of the bride's mother Mrs. Rilla Hodgin, South Cedar street, Miss Sarah Jane Hodgin and Mr. A. R. Hinshaw will be united in marriage. Following the ceremony the newly-wedded couple will leave on a trip south.

DEFECTS IN THE JUDICIAL SYSTEM

Revision Recommended by Attorney General

Says State Should Be Divided Into Two

Circuits of Ten Districts Each—Also

Recommends Increase of Salaries of

Supreme Court Judges and An Addition

to Present Number—Decrease In

Number of Criminal Cases.

Raleigh, Dec. 21.—In his biennial report to Gov. Kitchin and the Legislature Attorney General T. W. Bickett recommends a number of radical changes in the judiciary system of the state. He wants the salaries of the Supreme court justices increased to \$5,000 and the expense allowance of the Superior court judges increased to \$1,000. He wants the state divided into an eastern and a western court circuit, each to have ten districts, one of which would be a small one so that its judge would be in reserve for special court service. He says it is a costly cruel effect in our judicial system that there cannot be a marriage, a death or a birth in the family of a judge without the disorganization of public business. He thinks the number of Supreme court justices should be either increased to six or there should be an intermediate court of appeals established to sit in Eastern and Western circuits to finally dispose of all but the most important cases. To do this would necessitate a constitutional amendment, but he hopes that it is not blasphemy to say that in some respects the state has outgrown the constitution.

He says present frequent election conditions are little short of farcical. There should not be state election often more than once in four years, although congressmen have to be elected every two years. The State should set the government an example for the change. He says evidence in his office is that the near beer business in the state is an unmitigated nuisance and it should be destroyed "root and branch."

A substantial contingent fund should be placed at the disposal of the governor to assemble facts preliminary to undertaking criminal prosecutions in cases of state importance in law.

The attorney general expresses gratification at a decrease of 2,644 in the number of criminal cases in the state for the two years, the grand total for the biennial period being 9,505. He recommends that the state and the defendant be allowed the same number of peremptory challenges in making up juries for the trial of criminal cases and that the trial judge be allowed to order a jury from an adjoining county when circumstances make this needful. He recommends that at the request of either party to a suit the sheriff be required to go beyond the court house and the neighborhood of the building to summon tales jurors, the elimination of recessional jurors being greatly to be desired. He says much money is wasted in different bills of indictment for each of a series of violations of the same law and urges that, below the crime of felony, the solicitor be required to include any number of violations in a single indictment. He urges that a simple assault on a woman be made a misdemeanor, punishable by fine and imprisonment.

"The citizens and press of Greensboro and the Guilford county farmers showed us many courtesies. Especially did the brethren of the Guilford County Union put themselves out to serve us.

"And we cannot close without mentioning the royal good fellowship shown us by the faculty and students of the Normal and Industrial College. We every one went away proud of the institution and thankful for what it is doing for our girls. And no doubt the obvious needs of the college will be remembered when we ask the Legislature for our educational appropriation."

Entertainment At Friends' Church Tonight.

There will be a Christmas entertainment at the Friends' church tonight, beginning at 7:30 o'clock. The program will consist of recitations, and exercises by the primary and junior departments of the Sunday school. There will be a Christmas tree and presents for the children. The public is cordially invited.

General Inspection Begins In January.

City Building Inspector Milton will begin his annual inspection during January. He will visit every house in the city and inspect the flues and electrical equipment and recommend to the occupants such changes as would probably prevent fires, or make them less liable. This inspection is required by law.

THEY ALL DEMAND IT.

Greensboro, Like Every City and Town in the Union Receives it.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for there are many remedies today that relieve but do not cure. Here is evidence to prove that Doan's Kidney Pills cure, and the cure is lasting.

L. R. Tickel, farmer, Elon College, N. C., says: "For many years I was afflicted with kidney trouble, the pains in my loins being quite severe. My back ached intensely at night, was lame in the morning and bothered me greatly when I stooped or lifted. I tired easily, felt languid and nervous and had dizzy spells, during which my sight became blurred. Three or four times every night I had to get up to pass the kidney secretions and sediment was noticeable in them. I lost twenty-five pounds in weight and had about given up all hope of recovering. When Doan's Kidney Pills were brought to my attention, I procured a supply and in four or five days they relieved me. I cannot say too much in their favor."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

FOLEY'S KIDNEY CURE
Makes Kidneys and Bladder Right

STRANGE MALADY.

Medicines All Useless, Microscopes Have Revealed No Germs, and Diagnosticians Are Baffled.

The strange disease of Carleton S. Carpenter of Mamaroneck, now in St. Luke's Hospital, which has baffled the most eminent physicians of the city, is continuing its course, although every known remedy, the doctors say, has been tried in the effort to cure him.

Under the leadership of Dr. Austin W. Hollis, of the visiting staff of St. Luke's and Dr. Theodore C. Janeway, microscopists have worked for weeks to find a germ responsible for the disease, but their report yesterday indicated that there is none, although Carpenter has weakened daily and at times is on the verge of death in a feverish delirium. Minute blood tests have been made at the Rockefeller Institute, but thus far without the discovery of anything to account for the illness.

Carpenter told the doctors all he knows about himself, and his father, John H. Carpenter, has told them all he knows of his antecedents, but nothing has thrown light on the cause of the malady. The family came of healthy stock and Carpenter himself never had a day of illness until his sudden seizure.

What the first symptoms were Carpenter is unable to tell. He told the doctors that a year ago he began to feel weak spells. He purchased a thermometer and for months kept the secret of his affliction. At times he was normal. Then the thermometer registered a slight fever and on occasions his temperature was at the danger point.

Carpenter believed that he had been stricken with tuberculosis, but Dr. William C. Johnson, house surgeon at St. Luke's, said yesterday that Carpenter's malady suggests no phase of consumption. He has been treated by the doctors at the Loomis Sanitarium at Liberty, N. Y., who found nothing to suggest tubercular germs.

Dr. Janeway and Dr. Hollis turned to Oriental afflictions for an explanation, but there was none recorded to throw light on Carpenter's case. He was thirty years old when he became ill. As a civil engineer he had traversed ground overgrown with all manner of plants, but the doctors do not believe that he has been poisoned by some herb.

"At present we are so far mystified that we are not prepared to make a statement," said the physicians in charge of the case last night. "I, with my colleagues, have visited Carpenter every day, but we are no nearer to the secret of the malady than we were the day he came under our observation. Our hope of formulating a diagnosis rests on the blood tests."

"Carpenter has not lost flesh, but he has spells which at times render him almost helpless—a sort of paralysis. His complexion is normal; the sensations a man usually endures in a serious illness are lacking; he sleeps soundly and eats as well as can be expected."

Dr. Hollis, one of the first experts to be called by the physicians at St. Luke's, spent days on the case, and then called Drs. Janeway and Samuel W. Lambert in consultation. The doctors became convinced that Carpenter has neither typhoid nor a malarial fever. Beri beri was suspected, but the reports of the microscopists dismissed that theory.

Flower Woman Remembered By Taft Gets Gift From Governor.

Cincinnati Enquirer.
A postman paused a moment today at Fifth and Race streets to hand a letter and a package to Mrs. Antoinette Beccard, whose flower stand has become a landmark.

The letter was from Governor Harmon, and the package contained an autograph photograph of the Governor. And there wasn't a happier woman in all the city than Antoinette. "It's the best Christmas present I could get!" she cried as she read this letter:

"My Dear Madame—I thank you for your kind letter of congratulations, and coming as it does from a good friend in my native city and one who is identified to a certain extent with the business and professional men in the city of Cincinnati, I am truly thankful for your kind letter. Very truly yours,

"P. S. I am sending by separate mail an autograph photograph of myself as a slight token of my esteem." Mrs. Beccard recently got a letter and autograph photograph from President Taft in recognition of a bouquet she presented to the President on his last visit to this city.

Saved From Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale. Had no appetite and seemed to grow weaker every day, as all remedies failed. till Dr. King's New Discovery was tried and so completely cured her, that she has not been troubled with a cough since. Its the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage—all bronchial troubles, it has no equal. 50c. \$1.00. Trial bottle free. Guaranteed by Fariss-Klut Drug Co.

"I'm having a lot of trouble in collecting my bills," said the young doctor. "So am I," replied the dentist. "It's like pulling teeth to get money out of some people."

A CARDINAL'S SALT CUP.

Monumental Work of Art Designed by Benvenuto Cellini.

At the same time that the cardinal gave me some other commissions to execute he employed me to make a model of a saltcellar, but desired it should be in a different taste from the common ones. I designed an oval almost two-third of a cubit in size, and upon this oval as the sea appears to embrace the earth I made two figures about a hand high in a sitting posture, with the legs of one within those of the other, as some long branches of the sea are seen to enter the land. And in the hand of the male figure, representing the ocean, I put a ship, designed with great care, in which was deposited a great quantity of salt. Under this I represented four sea horses, and in the right hand of the ocean I put his trident. The earth I represented by the female figure, the most elegant and beautiful I could form an idea of, leaning with one hand against a grand and magnificent temple. This was to hold the pepper. In the other hand I put a cornucopia adorned with all the embellishments I could think of. To complete this idea in that part which appeared to be earth I represented all the most beautiful animals which so small a space was capable of containing. In the remainder of the oval I placed several grand and noble ornaments.—From Benvenuto Cellini's Autobiography.

NOT A TRAMP.

The Tag That Rider Haggard Put on a Literary Hobo.

Rider Haggard was on one occasion traveling across the United States as the guest of John Hays Hammond in Hammond's private car.

"What I want to see," said Haggard, "is the real tramp. I haven't seen one since I reached this country. I can't believe you have as many as has been stated to be the case."

Harris Hammond, the eldest son of John Hays, promised:

"I'll show you one at the next stop." He had seen one riding on the trucks under the car, and at the next station he went down and called the hobo out. When the tramp entered the car he was covered with cinders and dust and looked like something from the lower regions.

Hammond shook hands with him and introduced him, saying:

"This is Mr. Rider Haggard."

"Rider Haggard!" exclaimed the hobo. "Why, I've read all of your books and loved every one of them!"

Then he sat down and discussed literature with Haggard for half an hour. At the end of the talk Harris took him back, let him get some of the dust and cinders off and banded him a good cigar.

"That fellow's not a tramp," said Haggard. "He's a gentleman in distress."—Popular Magazine.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mansueti, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Fariss-Klutz Drug Co., and Greensboro Drug Co., Special Agents.

Gov. Haskell, of Oklahoma, has come out in enthusiastic praise of Woodrow Wilson. But it is not certain that this incident will operate to the advantage of Dr. Wilson.

It is said that the changes in the Interstate Commerce Commission are to the advantage of the shippers rather than the railroads. Maybe this means that North Carolina cities can see a glimmer of justice ahead.

Andrew Carnegie's gift last week of ten million dollars for peace was followed this week by a gift this week by Jno. D. Rockefeller of ten millions to Chicago University. Carnegie is still several tens of millions ahead of Mr. Rockefeller in his donations. Mr. Rockefeller has plainly not come to the conclusion that it is a disgrace to die rich.

The Washington correspondents continue to hand out a lot of "dope" about the appointments to Federal office. Except for the purpose of recording the progress of the fights for district attorneyships, postmasterhips, marshalships, collectorships, etc., there wouldn't be much papulum for the correspondents at the capital.

Maj. Gen. Leonard A. Wood, chief of staff of the army, declared Tuesday night at a banquet in Washington that the "war scare" of last week was silly. The General is doubtless disappointed because the bluff of the military was failed. This country has reached the point where it doesn't tremble every time the military establishment suggests that it do so.

The voters in Great Britain are "of the same opinion still." The new Parliament has finally been elected and the Government coalition has virtually the same majority it had in the last Parliament. The Tories waged a very noisy campaign, but appear to have made several bad tactical mistakes. One of these was playing fast and loose with the tariff question, thus causing the voters to doubt the sincerity of the leaders.

The "shop early" champions can congratulate themselves on the fact that while everybody didn't shop early there was more early shopping this year than ever before. Shopping early is the part of wisdom as many have found now that their Christmas purchasing is all done and they are enjoying the pre-Christmas thrills without difficult and trying duties ahead. Shopping early is "doing it now" and all are agreed that "doing it now" is wise.

There has been a marked absence of any decided interest in Guilford county in the question of whether or not the county is to be separated from its Southwest corner. So far as the general public is concerned, the sentiment seems to be that it makes very little difference if High Point gets its county so long as it does the square thing in connection with the obligations of Guilford county. Naturally there is pride at the large area and large population of Guilford county as now constituted, but there also seems to be an appreciation of the fact that more important than size or numbers is progressive and high-minded management.

Gov.-Elect Woodrow Wilson, of New Jersey, denies the report that he will go on the stump in behalf of James E. Martine's candidacy for the United States Senate as opposed to that of James Smith, Jr., but says that he may make two or three speeches in Mr. Martine's behalf. One Griggs, of New Jersey, charges that Dr. Wilson is trying to be both the Governor and the Legislature of New Jersey. But, in justice to Dr. Wilson, it should be remembered that he is not Governor yet. He is still a private citizen of New Jersey and as such can take the stump for whomever he pleases without laying himself open to unfavorable criticism from the fair-minded. The fact is that the Democratic machine in New Jersey is afraid of Wilson and will discredit him in every way possible. It will be of lasting benefit to the Democracy of New Jersey and to some degree to the Democracy of the nation if Wilson, and not his political enemies within the Democratic party of New Jersey, wins in the fight now raging around the selection of a successor to United States Senator John Kean.

GUILFORD'S ROADS.

Lexington Dispatch.
Davidson county would do well to take a look at Guilford county and make some inquiries as to the wonderful growth of that great county during the last decade. It has nothing on Davidson in the way of natural resources, yet in the last decade Guilford has outstripped Davidson and every county in the state, making gains that are astounding. In that period Davidson county gained in population about 6,000. Guilford gained 21,000. And there is a reason. In natural resources our county is the equal, if not a little the superior of Guilford, but we have fallen far behind in the matter of building good roads. Guilford has the best. Radiating from Greensboro in every direction, like the spokes of a giant wheel, good roads reach every part of that great county. No longer are farmers compelled to drag through mud to the market with a fourth of a load of produce and no longer is a trip to town a bit of fine torture for man and beast. In the last decade new homes have gone up in every section of the county. Big farms have been cut up into smaller ones and thousands of good people have come to throw in their lots with the progressive citizens of that progressive county. Taxable values have increased and land that could have been bought ten years ago for ten, fifteen and twenty dollars per acre now bring fifty, seventy-five and even a hundred. Guilford farmers have been brought close to market, close to good schools, close to churches and the wives of Guilford county farmers are not cut off from the privileges of social intercourse and enjoyment six months in the year by almost impassable roads.

How Carnegie's Wealth Mounts Each Second.

New York World.
In spite of the \$180,000,000 that has been given away, Andrew Carnegie's income is still so great that during the ten seconds that it may take you to read this, his income will have been increased by \$3.

Warmer Weather Promised.

Another severely cold day for this climate was experienced yesterday. The thermometer was down to 20 last night. Rising temperature is predicted for today.

The Virtue of Traveling.
There are two great fallacies based on ancient and rusty saws it were a noble deed to demolish. One is that traveling is a form of wrongdoing, founded belike on the stupid saying that a rolling stone gathers no moss. A pertinent reply would be that a mossy stone is never highly polished and that a stone is not a proper place for moss, anyway. The other undermining caution is that one ought to see ones own new country before one sees the wealth of the old countries. Unless on business bent, there is no earthly reason why one who can afford to travel should not begin at once with the richest and most beautiful countries, with Italy and Greece. Life is short and uncertain; one cannot tell what may happen to deprive one of sight and health and means day after tomorrow, therefore it is well to see and enjoy the best while one can. —Harper's Bazar.

CHICKEN THIEF CAUGHT.

Negro Who Raided Roosts in Fremont Arrested in Greensboro.

Andrew Smith, alias Andrew Britt, was arrested yesterday by Officer Foushee on the charge of stealing chickens. The negro denied being guilty of the crime, but the officers have pretty strong evidence against him.

The theft occurred at Fremont, a whole crate of chickens being taken from one roost. The police were notified that the negro was headed this way, a fair description being given. An investigation at the express office showed that two crates of chickens had arrived from Fremont consigned to Andrew Smith, and had been receipted for by a negro giving that name. The officers then found out where Smith was at and placed him under arrest. In his trunk were letters addressed to Andrew Britt. He will be carried to Fremont today to stand trial.

REV. MAX RELEASED.

Was Not the Woman Who Kidnapped Child of Raleigh Negro.

Adam Avery, of Raleigh, who on Monday swore out a warrant for Lizzie Burnett, alias Rev. Max, charging her with kidnapping his child, yesterday brought his daughter here and she stated that the defendant was not the negro woman who called at Avery's home and took possession of the child while she went on an errand for the stranger.

Accordingly Rev. Max was released and she at once set out to continue her missionary work with a view of making up for the time lost while she was being detained in the calaboose. She contended all along that she was innocent of the charge.

A PLAIN PROPOSITION TO RENTERS. We lend money at 5 per cent simple interest to buy or build a home or pay off a mortgage. Our interest rate is so low and monthly payments so small a home is within the reach of all. You pay only \$7.50 per month on each \$1000.00, plus 5 per cent simple interest. We can show you a safe and profitable method of saving your earnings. Every day you delay adopting some definite plan for owning your home or accumulating your earnings, you lose in dollars and cents one day's rent or one day's earnings on money not wisely invested. Think it over—which is best, to continue on the old indefinite plan, or investigate the liberal proposition we offer. You have intended making this start long enough, now make it. Write today for an illustrated booklet explaining our plan in detail. Lee Roy Smith, 950 Brown-Marx Bldg., Birmingham, Ala.

WARNS PUBLIC AGAINST CHRISTMAS TREE FIRES.

Association in Active Crusade to Show Dangers From Tinsel Trimmings.

In a "Holiday Bulletin" issued by the National Fire Protection Association, with headquarters in Boston, and with a membership which includes the New York Board of Fire Underwriters and the New York Fire Insurance Exchange, an active crusade against the custom of observing Christmas by setting up a trimmed tree is being carried on throughout the United States.

On the front page of the "bulletin" is a harrowing picture showing a Christmas tree in flames and a mother tearing the burning clothing from a small girl, while the father of the family, with his Santa Claus wig awry, is trying to push several panic-stricken children from the room. The caption under the picture reads: "Is the Flame Worth the Candle?"

Supplementing this piece of realism the bulletin prints on an inside page a counterfeit of death, with a flaming scythe moving down his victims.

A concerted movement has been started by the insurance companies to discourage the Christmas tree custom. A recent advertisement inserted in all the New York newspapers by the New York Board of Fire Underwriters is headed: "A Public Warning." It says that life and property are seriously endangered by inflammable Christmas displays, trees lighted by candles and illuminated signs. The added warning is given that any hazard not permitted by the insurance companies is liable to vitiate policies of insurance.

CAPT. W. M. FRANCIS DIES ON HIS RETURN TO ATLANTA

Well Known Conductor on Southern Succumbs To Attack of Indigestion.

Atlanta Journal: Capt. W. M. Francis, one of the best known conductors on the Southern railway, died of acute indigestion at 2:30 o'clock Tuesday morning on Southern train No. 43, between Courtland and Seneca, S. C., while en route to Atlanta. He was in his 55th year.

Captain Francis had been a faithful employee of the Southern railway for 35 years. He had often been conductor for trains Nos. 37 and 38, with Captain Stovall, and was probably the oldest conductor in point of service employed with the Southern. He was a man highly thought of by railroad officials, and was popular with every one. He was invariably selected to go on special trains. He was a man of handsome physique and was possessed of a most genial temperament. His friends are legion.

Forty-Two Thousand.

At the Huffine Hotel last night three of the guests departed from the ordinary course of registering and instead of giving the place they called home they filled in the figures 42,000. Considering the fact that all three of the gentlemen were from the village of Winston-Salem it is to be concluded that that place has decided to follow Greensboro's example set several years ago and work for a population of 42,000 in 1920.

Fresh Air in Winter

In winter, it is hard to get fresh air in certain rooms. Some rooms in a house are usually colder than others, and if you open the windows it is hard again to heat the room properly.

If you keep the windows closed you don't get fresh air; if you keep them open you cannot quickly reheat the room. The

PERFECTION
SMOKELESS
OIL HEATER

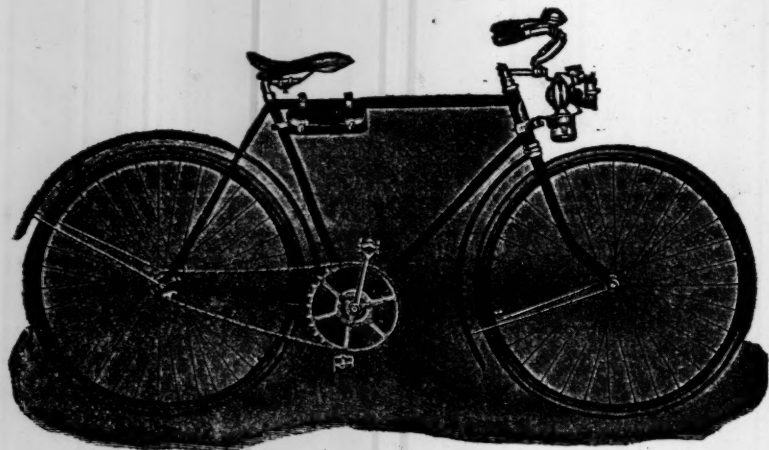

Absolutely smokeless and odorless solves the difficulty. You can leave the windows in a room open all day in winter, and when you close them apply a match to a Perfection Oil Heater and heat the room to any temperature you desire in a few minutes.

The Perfection Oil Heater is finished in Japan or nickel. It burns for nine hours. It has a cool handle and a damper top. It has an automatic locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be quickly cleaned. An indicator always shows amount of oil in the font.

The filler-cap does not need to be screwed down. It is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking. The Perfection Oil Heater is strong, durable, well made, built for service, yet light and ornamental.

WOMEN DIFFER ON NEED OF PUBLIC SMOKING,

Some Approve of New Rule Adopted by One Hotel, but Others Are Indignant. New York World.

The announcement of the management of the Ritz-Carlton Hotel that smoking by women would be allowed in the restaurant and parlors of the hotel aroused much interest yesterday both among women who indulge in the habit and those who do not.

The sentiment was not all the same way, and while there were those who expressed pleasure at the innovation, there were also those who disapproved and declared that Manager Theodore Kroell had granted a liberty for which there was no demand and no excuse.

At the Hotel Martha Washington the management was quite indignant when asked if there was a smoking room for women. "No, indeed," was the reply. "We have just opened a smoking room for men, but for women of course would not be allowed to smoke in it."

"Are women allowed to smoke any place in the hotel?" asked a reporter for The World.

"Most certainly not. No one ever did. I am sure. None of our guests ever wished to do such a thing."

The sentiment at the Cafe Madrid was not so strong either way, but Mr. Rector, the proprietor, said he sought to follow a diplomatic middle course that would not alienate either of those who did or those who didn't.

"We have a smoking room for ladies and it is very well patronized," said he, "but we would not allow them to smoke in the main dining hall at all."

The Cafe Boulevard is probably the pioneer in allowing women to smoke in public and visitors this winter have doubtless seen Mary Garden, Trentini, Pavlowa, Lydia Lipskowska, Mrs. E. R. Thomas and other well known artistic and professional lights indulging in the luxury of a "gold-tipped" after dinner and between the courses.

"Of course," said the manager, "we would only allow smoking that is delicately done. Any smoking in an obtrusive manner would be at once curbed."

Mrs. A. M. Palmer, the well known clubwoman, said:

"I regard smoking among women as un-American and opposed to all of our ideals. If she is going to smoke a cigarette she might as well smoke a cigar, and if that—then a pipe. If a woman wants to smoke in private that is her business, I suppose; but the chief reason that a woman should not smoke in public is that she proves herself offensive to all women who do not approve of her smoking."

Miss Mattie Sheridan, the leading spirit of the Hungry Club, said: "I always pass cigarettes to the women after my own dinners, but I never allow smoking among them at the Hungry Club. Once when I was passing cigars to the men a woman asked me 'Why don't you allow ladies to smoke at your dinners?' and I answered 'No lady ever asked me.'"

Mrs. Frank H. Cothren, who belongs to some dozen clubs, stated emphatically that she disapproves of smoking among women and she believes that is the general sentiment of all clubwomen.

Mrs. Clarence Burns declared that she thought there was very little smoking among women and very little demand for the right to smoke in public.

Take Care!

Remember that when your kidneys are affected your life is in danger. M. J. May, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Howard Gardner.

DR. VAN DYKE DECLINES BRICK CHURCH PULPIT.

Informing Congregation That He Won't Consider Call to Be Permanent Pastor.

New York, Dec. 19.—To a congregation which filled every seat in the Brick Presbyterian church, Fifth avenue, yesterday Dr. Henry Van Dyke read a letter in which he declined to consider a call to permanent occupancy of the pulpit. This decision was a keen disappointment to the congregation. In his letter Dr. Van Dyke said:

In November by a joint meeting of all the officers of this church except myself, I was unanimously invited to continue as minister-in-charge for another year from Dec. 1, "with such salary and other adequate provisions as may be mutually satisfactory." This invitation, offered without my previous knowledge, I declined. It would not be good for me nor for you. My judgment, though by no means infallible, is clear on this point. It is also clear on another point in no way connected with my health, which is good. I am not willing to consider a call to the permanent pastorate of this church.

My year of veteran-volunteer service will end, with your kind permission, on Christmas Day. Grateful to God, who has sustained my health and strength under a double burden, I beg the Brick Church to accept this year of work as a little Christmas gift.

Inasmuch as Dr. Van Dyke did not say that he would not consider another year of service similar to that which he has just rendered, the hope is being voiced among the members of the congregation that the Doctor may be induced to continue his "volunteer-veteran" services for another twelvemonth at least.

A Simple Safeguard for Mothers.
Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Howard Gardner.

He Could Come Back.

"Did I not give you a piece of pie just yesterday?"
"You did, mum."
"Well, I am surprised to see you back here so soon."
"I didn't eat it, mum."—Houston Post.

Wants To Help Some One.

For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. Try them. 50c. at Fariss-Klutznick Drug Co.

LET'S UP ON WIFE-BEATERS

That Councilman Recently Wed, Not Reason He Withdrew Ordinance.

Cincinnati, Dec. 20.—Councilman William J. Klein, of the Nineteenth ward, a Socialist member of the city lawmaking body, is trying to explain to his friends how and why he chose to withdraw from Council his novel ordinance asking for a whipping-post for wife-beating husbands. So far, he has been unable to explain this satisfactorily to his colleagues. He says that the motion in Council was not given the serious thought which all such matters demand; that he is sorry this is so, but will allow the matter to rest as it is now.

It so happens that two months ago Councilman Klein, with a great flourish of oratorical trumpets, presented his ordinance, and made a vigorous speech about wife-beaters, telling, with tears in his voice, of the many cases he had heard of and praying Councilmen to give ear to the wishes of their women and pass this ordinance. An effort was made then to get it through, but failed.

About a month ago Mr. Klein took unto himself a wife. Her name was Mrs. Klein, she being a widowed beauty who lived not far from him. Their married life, their neighbors say, has been blissful, with no cloud arising to blight their happiness.

But, just the same, this afternoon Councilman Klein asked in Council that this ordinance be withdrawn. That was all he said. When he was asked why he withdrew it, he said it was for the good of man, inasmuch as there are not as many brutal husbands as people think.

You Must Read This if You Want the Benefit.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." Howard Gardner.

It isn't altogether liberality that prompts a man to give his friends away.

Telegrams and Cablegrams May be Sent by Telephone

ANOTHER STEP FORWARD
THE TELEPHONE AGAIN SUPPLEMENTS THE TELEGRAPH

At night, on Sundays, or on holidays, when your local Western Union office is closed, or if there is no Western Union office in your town, you may send a telegram or cablegram to any part of the world, even to ships at sea, by forwarding it by Long Distance Bell Telephone to the nearest "all night" telegraph office, and by paying the usual telephone toll charge.

To do this simply call "Telegram". The operator will connect you with "Long Distance" who will give you the telephone charge. If you are a Bell telephone subscriber the cost of both the telegraph and telephone messages may be charged to you, or to the addressee.

Telegrams addressed to you will be read to you over the Long Distance telephone by the Western Union company when your local telegraph office is closed, or if there is no Western Union office in your town, if you will pay the telephone toll from the nearest all night telegraph office.

This charge will be small since a number of additional "all night" telegraph offices have been opened to care for this service.

The telephone company, however, undertakes only to place the subscriber in communication with the telegraph office—it assumes no responsibility for errors in transmission.

TO TRANSMIT TELEGRAMS BY TELEPHONE SAY "TELEGRAM".

**The Important
Problem**

confronting anyone in need of a laxative is not a question of a single action only, but of permanently beneficial effects, which will follow proper efforts to live in a healthful way, with the assistance of Syrup of Figs and Elixir of Senna, whenever it is required, as it cleanses the system gently yet promptly, without irritation and will therefore always have the preference of all who wish the best of family laxatives.

The combination has the approval of physicians because it is known to be truly beneficial, and because it has given satisfaction to the millions of well-informed families who have used it for many years past.

To get its beneficial effects, always buy the genuine manufactured by the California Fig Syrup Co. only.

AN INTERESTING SCENE.

College Girls, Departing: Kiss Their Schoolmates At the Station.

There was an interesting scene at the passenger station yesterday afternoon when the train for the east pulled in. Gathered on the platform were about a hundred school girls going home for Christmas, while fully half that many were on hand to kiss their schoolmates good bye and for the last time wish them a merry Christmas. As the train pulled in the girls seemed to realize all at once that the time for temporary parting had come and for five minutes a regular hugging and kissing bee was pulled off to the great amusement and enjoyment of the hundreds of other passengers and bystanders. The young fellows grouped about looked on with longing eyes, but they did not get so much as a passing glance; for 'twas the parting of school girls then.

The train was well filled with the young ladies, most of them being students in this city. The southbound trains last night carried also a number of the young ladies. Tonight and tomorrow when the Normal Students leave the crowd will be greatest, there being about five hundred of the young ladies who will leave for their homes.

Small Fire Yesterday.

There was some little fire on West Lee street yesterday afternoon when a fence near the Standard Table Company was found on fire, but the West End Hose Co., answering promptly to the alarm, soon drowned it out.

IT IS ALL RIGHT

to ask a friend to do you a favor when it is impossible to secure the favor in any other way. But why ask a friend to go on your bond as surety when the Greensboro Loan & Trust Company can give better security than an individual at no extra cost for its faithful discharge of its duty as a trustee or executor or administrator. Why should you sign a bond by which your "heirs, executors, administrators and assigns are held and firmly bound" to pay for the default of others; perhaps after your death, every dollar of your estate? Tell your friend not to burden you with such a grave responsibility. Let the Greensboro Loan & Trust Company become responsible.
